Grammarly Affiliate | Grammarly Affiliate Program | Join Grammarly Affiliate

Grammarly is a cross platform AI powered writing assistant that helps in reviewing spelling, grammar, punctuations, engagement, clarity and more mistakes as your writing meaning in realtime.

Grammarly is available for both browser, word, IOS and android. It's a cross platform writing assistant.

Grammarly Affiliate Program

Grammarly has a great affiliate program that can earn you big commissions. With high conversion rates and simple to sign up, Grammarly affiliate program is among the best affiliate programs.

[Become an Affiliate now](#)

[Join Affiliate program](#) and enjoy commission.

[Sign up in 60 seconds.](#)

After you have been accepted into the program, place a tracking text link or a banner on your website, email, social media, eBook e.t.c and get paid each time someone signs up for and installs grammarly. Simple as that.

When a customer clicks on your unique link on your website and visits GRammarly.com and installs the free Grammarly extension

or upgrades to paid plan, you earn commission.

Commissions structure

Grammarly is a free product which means you don't need to sell to earn commission as an affiliate. Spreading word and someone signs up for free is enough for you to earn commission.

\$0.20 per free sign up. No payment information required.

\$20 commission if someone buys a paid plan or upgrades the free plan.

Grammarly affiliate allows you to earn twice. You can **make \$20.20** if the client upgrades to a premium plan.

Grammarly Affiliate Payment Methods

Commissions and bonuses to affiliates are paid through three payment methods.

1. Check (Applies to US residents)
2. Direct deposit
3. Bank wire

Commissions for affiliates outside US are paid only through bank wire.

Payments are made through US dollar. You have to make sure your bank accepts US dollar payments.
